## About RAM<sup>®</sup> Mounts

RAM<sup>®</sup> Mounts manufactures rugged and versatile mounting systems for phones, tablets, and other mobile devices that can be attached nearly anywhere. Unlike other mounts on the market, RAM<sup>®</sup> allows you to secure devices where you need them most. The unique design of the RAM<sup>®</sup> Mounts system provides quick installation, adjustability, strength, vibration damping, and durability—all at a low cost. Backed by a lifetime warranty, RAM<sup>®</sup> uses powder-coated, marine-grade aluminum with lightweight and high-strength composites, stainless steel hardware, and rubber balls.

### The RAM® Difference

#### Premium Design

The rubber ball and socket design of our mounting systems offers a secure hold, with near-infinite adjustability and vibration damping for the most demanding environments. With thousands of components trusted by users around the world, we've been able to design and develop mounting solutions that consumers and companies previously only dreamed were possible.

#### Customizable

Take your phone mount from your truck to your boat, or mix and match components to create your ideal mount. Because of the modularity of the RAM<sup>®</sup> system, you can customize your solution to fit your specific needs in almost any application.

F.,

#### **Quality Materials**

A premium design deserves the highest quality materials available, from rubber and stainless steel to high-strength composites and marine-grade aluminum. Our facilities— including powder coating, die casting, rubber injection molding, and shock and vibration testing—help us deliver on this promise to bring you inventive mounting solutions.

#### **Lifetime Warranty**

It's simple. Our reputation as the leader of premier mounting systems means if we build it, then we guarantee it. We're confident in the quality of our products, and with our warranty, you can be too. \*1-3 year warranty on electronics, including powered docks

### National Products Inc. (NPI)

Introduced in 1990, National Products Inc. (NPI) quickly became the leading manufacturer of rugged and versatile mounting solutions. RAM<sup>®</sup> Mounts has grown to offer approximately 5,000 modular components—the most innovative product line of its kind for nearly any application and device, including phones, tablets, GPS systems, laptops, marine electronics, printers, radios, and much more.

In addition to RAM<sup>®</sup> Mounts, NPI is also the creator of award-winning IntelliSkin<sup>®</sup> sleeves and GDS<sup>®</sup> Technology<sup>™</sup> products. IntelliSkin<sup>®</sup> sleeves ruggedize a wide range of consumer phones and tablets, while the GDS<sup>®</sup> Ecosystem<sup>™</sup> provides users the ability to securely charge, dock, and sync devices in the most demanding environments.

.....

NPI is proudly located in Seattle, Washington in the same neighborhood where the company was started.

### **Partner with RAM® Mounts**

Here at RAM<sup>®</sup> Mounts, we believe that unfathomable things are possible with ingenuity. With a portfolio of more than 5,000 SKUs paired with innovative engineers and in-house product experts, we have the tools and expertise needed to create solutions that you didn't know were possible. We have the ability to solve your mounting challenges quickly, efficiently, and cost effectively.

.....

## Welcome to The Connected Highway

For the last few decades, RAM<sup>®</sup> Mounts has collaborated with the industry's best innovators to build the future of mobility. The key to a mobile workforce combines device, software, and docking solution. That's why we created The Connected Highway — a commitment to making the most reliable and affordable device mounts, paired with the best solutions providers in the world. Every day our engineering teams look for ways to optimize product performance to seamlessly integrate into one another, making the lives of drivers all around the world easier, and business logistics scalable.

CONNECTED HIGHWAY

#### Device

Every journey starts with a device. Without an ELD, the new age of the connected worker isn't possible.

e

#### Software

Industry standard ELD software insures compatibility across the device and docking station.

#### **Docking Station**

RAM<sup>®</sup> Mounts ties the entire solution together with a wide variety of device specific powered docking stations.

## Transportation & Logistics

When deploying thousands of ELDs, purchasing the right dock should be a no-brainer. That's why RAM<sup>®</sup> offers turnkey, rugged, cost-effective mounting solutions for ELD compliance. Depending on what device you are deploying, RAM<sup>®</sup> will either have the right solution ready to go, or build the right solution ready to go, or build the right kit for you. Take advantage of upgrades like peripheral support, add-on accessories, and the award winning GDS<sup>®</sup> Tech<sup>™</sup> for connective longevity and reliability.

## Last Mile Delivery

Delivery companies rely on longlasting powered docking stations that keep devices charged and can withstand numerous docking occurrences throughout a long day. To build confidence with our customers, each RAM® dock is cycle tested to ensure upwards of 100,000 insertions throughout each device's life cycle. RAM®'s commitment to becoming the industry standard means supporting all the newest devices paired with the continued promise of a lifetime warranty on all mounting components.

## New RAM<sup>®</sup> NFC Reach<sup>™</sup>

RAM<sup>®</sup> Mounts takes NFC scanning to the next level with the brand new RAM<sup>®</sup> NFC Reach<sup>™</sup> by adding an NFC repeater to your Samsung Galaxy Tab Active3. With this NFC repeater, tablet operators no longer need to remove the device from its docking station to scan – simply install the repeater on your docking station and give easy access to programs used to track student ridership, vehicle inspections, and more.

## Waste Management

The logistics of waste disposal is a dirty job, and the landscape of the business requires more efficient mobile devices to get the job done. That's why more enterprise businesses have been switching to the GDS® Tech<sup>™</sup> platform. The combination of RAM® Mounts, GDS® Docks<sup>™</sup>, and IntelliSkin®-wrapped devices ruggedize the entire solution — built to withstand this unsanitary work environment. With pogo pin technology being the centerpiece of the GDS® Ecosystem<sup>™</sup>, trust is wellestablished once drivers recognize that port protection is the key component to connective longevity.

### Single & 6-Port Charging Docks

The RAM<sup>®</sup> 6-Port Charging Dock was designed specifically to support up to six Samsung Galaxy Tab Active4 Pro and Tab Active Pro, Tab Active3 & 2 devices for simultaneous charging. These charging stations reduce the amount of charging cords needed to charge each device by consolidating power through one cord and provide each Samsung tablet with its own charging bay to reduce clutter.
